### Glamp it up

Mount Zero Olives, on the cusp of Grampians National Park, has teamed up with pop-up camping specialist Under Sky to create a magical space under canvas in the olive grove. Each five-metre canvas bell tent will be fitted out with a queen mattress and bed base, quality bedding, linen and towels, wooden furnishings, woven rugs and natural toiletries. Book a place quick before the camp disappears on 7 May. [undersky.com.au](http://undersky.com.au)

The latest places to SPEND  
A NIGHT, from under the *STARS*  
to surrounded by ART.

### ARTIST'S RETREAT

*We love this concept: gorgeous properties scattered across Melbourne that you can book through Airbnb, combining fine artwork from the city's galleries with beautiful objects and design pieces to create perfect properties for a weekend break. The twist is that pretty much all you can see is purchasable online; art lovers will feel like a kid in a candy store. Check in to MicroLuxe's properties in St Kilda and Fitzroy with a third due to open in the city. [micro-luxe.com](http://micro-luxe.com)*

### DOWN ON THE FARM

Stay in the heart of the Mudgee wine region at the newly renovated farmhouse at Blue Wren Wines. The boutique homestead has a pared-back yet luxurious ambience with touches of country charm. The five bedrooms have king size beds, and there's a pool and private gardens. You'll also get a tasting at the winery's cellar door. [bluwrenwines.com.au](http://bluwrenwines.com.au)
